

Program Procedure

Pre-audit of entire route's recycling at Smurfit Westrock (requires agreement with hauler)

Education for residents – (newsletter, emails, social media, etc.)

Two or three tagging dates for each area within route

Post-audit of entire route's recycling at Smurfit Westrock (if pre-audit was done)

Share results of tagging and audits (if applicable) with residents!

The Recycle Right Team looks for these contaminants in the recycle container:

- Foam - carryout containers or packing materials
- Recyclables tied up in plastic bags (and no garbage bags, of course)
- Hazardous or flammable materials
- Large or long items (tangles)
- Excessive food or liquid
- Loose plastic bags and/or plastic wrap

Most common
